December, 1951

Aortic Valve Rupture, Non-Traumatic ... 309
Ascorbic Acid Deficiency, Histochemical Studies on Cartilage and Bone ... 9
Associated Movements Between Limb and Respiratory Muscles as a Sequel to Brachial Plexus Birth Injury. Robinson, Peter K. ... 21
Aureomycin. The Production of Penicillinase and Its Inhibition by the Action of ... 81
Aureomycin in the Treatment of Pneumococcal Lobar Pneumonia. The Efficacy of ... 407
Austrian, R.: The Efficacy of Aureomycin in the Treatment of Pneumococcal Lobar Pneumonia ... 407
Bang, F. B.: (see Borysko, E.) ... 468
Barondess, J.: (see Austrian, R.) ... 407
Benson, J. F.: (see Powell, A. M.) ... 30
Berthrong, Morgan: Cerebral Lesions in Congenital Heart Disease. A Review of Autopsies on One Hundred and Sixty-Two Cases ... 384
Bing, R. J.: (see Blount, S. B., Jr.) ... 235
Blood Volume in Congenital Cyanotic Heart Disease: Simultaneous Measurements with Evans Blue and Radioactive Phosphorus. Scott, H. William, Jr., Elliott, Stuart R., II, and Clay, Richard C. ... 121
Blood Volume Following Operation for Pulmonic Stenosis, Changes in: Studies with Evans Blue and Radioactive Phosphorus ... 377
Blount, S. B., Jr.: Physiological Studies in Congenital Heart Disease. XII. The Circulatory Dynamics in Patients with Tricuspid Atresia ... 235
Bodian, David: Nerve Endings, Neurosecretory Substance and Lobular Organization of the Neurohypophysis ... 354
Book Reviews ... 46, 143, 255, 332, 414, 475
Borysko, E.: Structure of the Nucleolus as Revealed by the Electron Microscope. A Preliminary Report ... 468
Bowden, R. E. M.: Comparative Study of the Rate of Atrophy of Skeletal Muscle Following Anterior Ramisection and Acute Anterior Poliomyelitis in the Rhesus Monkey ... 153
Brachial Plexus Birth Injury. Associated Movements Between Limb and Respiratory Muscles as a Sequel to ... 21
Browne, Kenneth M.: (see Markham, James W.) ... 442
Buckley, John J.: The Effect of Choline Deficiency on the Development of Tumors Produced by Butter Yellow ... 218
Buckley, John J.: Tissue Culture Studies on Liver Cells of Tuberculin Sensitized Animals in the Presence of Tuberculin (Purified Protein Derivative) ... 303
Buckley, Sonja M.: (see Buckley, John J.) ... 218
Buckley, Sonja M.: (see Buckley, John J.) ... 303
Butter Yellow, The Effect of Choline Deficiency on the Development of Tumors Produced by ... 218
Calcium in the Coagulation of a Globulin Fraction of Platelet-Deficient Plasma. Role of Surface and of ... 245
Carcinoma of the Pituitary Gland. The Diagnosis of ... 339

Cardiovascular Response of Normal Young Adults to Exercise as Determined by the Double Master Two-Step Test. Thomas, Caroline Bedell ... 181
Carroll, D. G.: (see Blount, S. B., Jr.) ... 235
Carroll, Douglas: Non-Traumatic Aortic Valve Rupture ... 309
Cerebral Lesions in Congenital Heart Disease. A Review of Autopsies on One Hundred and Sixty-Two Cases. Berthrong, Morgan and Sabiston, David C., Jr. ... 384
Chandler, Caroline A.: Studies on Resistance of Staphylococci to Penicillin: The Production of Penicillinase and Its Inhibition by the Action of Aureomycin ... 81
Changes in Blood Volume Following Operation for Pulmonic Stenosis: Studies with Evans Blue and Radioactive Phosphorus. Clay, Richard C., Elliott, Stuart R. II, and Scott, H. William, Jr. ... 377
Choline Deficiency on the Development of Tumors Produced by Butter Yellow. The Effect of ... 218
Circulatory Dynamics in Patients with Tricuspid Atresia ... 235
Clay, Richard C.: Changes in Blood Volume Following Operation for Pulmonic Stenosis: Studies with Evans Blue and Radioactive Phosphorus ... 377
Clay, Richard C.: (see Scott, H. William, Jr.) ... 121
Coagulation of a Globulin Fraction of Platelet-Deficient Plasma. The Role of Surface and of Calcium in the ... 245
Comparative Study of the Rate of Atrophy of Skeletal Muscle Following Anterior Ramisection and Acute Anterior Poliomyelitis in the Rhesus Monkey. Bowden, R. E. M. ... 153
Congenital Heart Disease, Cerebral Lesions in. A Review of Autopsies on One Hundred and Sixty-Two Cases ... 384
Congenital Heart Disease, Physiological Studies in. XII. The Circulatory Dynamics in Patients with Tricuspid Atresia ... 235
Conley, C. Lockard: (see Ratnoff, Oscar D.) ... 245
Convulsive Activity, Rhombencephalic ... 442
Cooley, Denton A.: Inadvertent Gastro-Ileostomy: Successful Operative Correction Six Years after Gastrectomy ... 133
Corneal Vascularization in Rabbits. The Effect of Cortisone on the Primary and Secondary Aqueous and on ... 288
Coronary Artery Disease. Observations on Some Possible Precursors of Essential Hypertension and ... 419
Cortisone on the Primary and Secondary Aqueous and on Corneal Vascularization in Rabbits. The Effect of ... 288
Davidson, Virginia Z.: (see Chandler, Caroline A.) ... 81
Diagnosis of Carcinoma of the Pituitary Gland. King, Arthur B. ... 339
Diuretic Activity of Compounds Related to Xanthines, Uracils and Triazines as Determined in Dogs. Kattus, Albert A., Newman, Elliot V., and Franklin, John ... 1
Ebaugh, Franklin G.: Adolf Meyer's Contribution to Psychiatric Education ... 64
Effect of Choline Deficiency on the Development of Tumors Produced by Butter Yellow. Buckley, John J., Buckley, Sonja M., and Snipes, Anne E. ... 218
Effect of Cortisone on the Primary and Secondary Aqueous and on Corneal Vascularization in Rabbits. Irvine, S. Rodman and Irvine, Mary Dailey ... 288
Efficacy of Aureomycin in the Treatment of Pneumococcal Lobar Pneumonia. Austrian, R., Barondess, J., Mirick, G. S., Sessoms, S. M., Sweeney, J. E., and Zubrod, C. G. ... 407
Electron Microscope, Structure of Nucleolus as Revealed by the. A Preliminary Report ... 468
Elliott, Stuart R. II: (see Clay, Richard C.) ... 377
Elliott, Stuart R. II.: (see Scott, H. William, Jr.) ... 121
